

How to configure Netflix

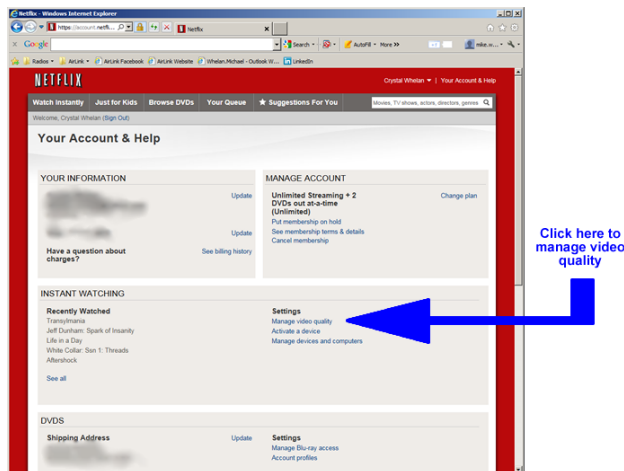

CONFIGURING NETFLIX FOR USE ON THE AIRLINK NETWORK

STEP BY STEP

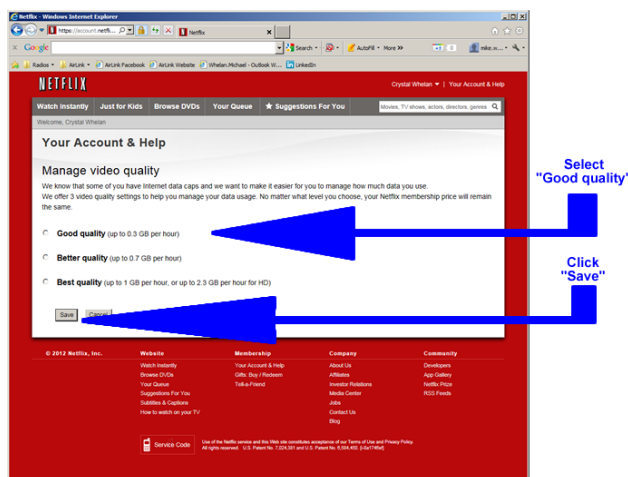

Step 1 – Log into your Netflix account by going to www.netflix.com and entering your email address and password.

After you are logged in you should see your name in the upper right hand corner of the screen. Next to your name, there is a link called "Your Account". Click on this link.

Step 2 – On *Your Account & Help* page, look for the section called *Instant Watching*. Under *Settings* there is a link called "Manage Video Quality". Click on this link

Step 3 – In *Manage Video Quality*, select "Good quality" and then select the "Save" button.

Your configuration is complete!
